Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to “we,” “us,” or “our,” it means HealthSun Health Plans. When it refers to “plan” or “our plan,” it means HealthSun Health Plans.

This document includes the Drug List (formulary) for our plan which is current as of **08/06/2026**. *For* an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2027, and from time to time during the year.

What is the HealthSun Health Plans formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by HealthSun Health Plans in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. HealthSun Health Plans will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a HealthSun Health Plans network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by HealthSun Health Plans, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here:

<https://healthsun.com/plans-coverage/prescription-drug-benefits/>

Y0114_26_3017916_0000_I_C

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the *HealthSun Health Plans*’ formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the *HealthSun Health Plans*’ formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2027 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of **08/06/2026**. To get updated information about the drugs covered by HealthSun Health Plans please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page **21**. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “cardiovascular agents.” If you know what your drug is used for, look for the category name in the list that begins on **22**. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page **121**. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

HealthSun Health Plans covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** HealthSun Health Plans requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from HealthSun Health Plans before you fill your prescriptions. If you don't get approval, HealthSun Health Plans may not cover the drug.
- **Quantity Limits:** For certain drugs, HealthSun Health Plans limits the amount of the drug that HealthSun Health Plans will cover. For example, HealthSun Health Plans provides **30 tabs** per prescription for **TRADJENTA**. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, HealthSun Health Plans requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, HealthSun Health Plans may not cover Drug B unless you try Drug A first. If Drug A does not work for you, HealthSun Health Plans will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page **21**. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions.

You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask HealthSun Health Plans to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the HealthSun Health Plans' formulary?" on page **5** for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that HealthSun Health Plans does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by HealthSun Health Plans. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by HealthSun Health Plans.
- You can ask HealthSun Health Plans to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the HealthSun Health Plans' formulary?

You can ask HealthSun Health Plans to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, HealthSun Health Plans limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on our lower cost sharing specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, HealthSun Health Plans will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. ***When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.*** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first **90** days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary **30-day** supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum **30-day** supply of medication. If coverage is not approved, after your first **30-day** supply, we will not pay for these drugs, even if you have been a member of the plan less than **90** days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first **90** days of membership in our plan, we will cover a **34-day** emergency supply of that drug while you pursue a formulary exception.

HealthSun Health Plans transition process will be maintained with respect to the following: **(1)** the transition of new members into the plan during the annual election period; **(2)** the transition of newly eligible Medicare members from other coverage into our plan; **(3)** the transition of individuals who switch from one Plan to another after the start of the contract year; **(4)** members residing in a Long Term care (LTC) Facility; **(5)** current members affected by negative formulary changes from one contract year to the next contract year; **(6)** members who request an exception but there is a failure to issue a timely decision on the request by the end of the transition period; **(7)** members who remain in the same plan for the new plan year and are on a drug that was the result of an exception that was granted in the previous year; **(8)** current members experiencing a level of care change; **(9)** current members entering the LTC setting from other care settings; and **(10)** current members in a LTC setting requiring an emergency supply of a nonformulary drug.

HealthSun Health Plans formulary

The formulary that begins on the page **21** provides coverage information about the drugs covered by HealthSun Health Plans. If you have trouble finding your drug in the list, turn to the Index that begins on page **121**.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., **ERLEADA** and generic drugs are listed in lower-case italics (e.g., *simvastatin tab*).

The information in the Requirements/Limits column tells you if HealthSun Health Plans has any special requirements for coverage of your drug.

Certain drugs throughout the formulary will be marked with one or more symbols to indicate their application, such as utilization management restrictions and requirements, mail order availability, drugs limited to a one month supply (even when the drug is on a tier that allows for an extended day supply), excluded Part D drugs covered by the plan, limited access, mail order drugs, tier names, and other coverage information.

The Drug Table starting on page **22** includes a column titled, “Drug Tier”. This column indicates what tier each drug is listed under. The table starting on page **7** provides the copayments/coinsurances associated with the corresponding tiers if you receive the drug at an in-network pharmacy. These copayments/coinsurances apply during the initial coverage phase. Please refer to your *Evidence of Coverage* for what you pay during the catastrophic coverage stage. If you receive “Extra Help”, some information about the costs for Part D prescription drugs may not apply to you. Refer to your *Evidence of Coverage Rider for People Who Get "Extra Help" Paying for Prescription Drugs* (also known as the Low-Income Subsidy Rider or the LIS Rider), which tells you about your drug coverage.

Pou jwenn yon lis konplè sou tout medikaman sou preskripsyon HealthSun Health Plans kouvri, tanpri vizite sit entènèt nou an oswa rele nou. Enfòmasyon kontak nou yo, ansanm ak dènye dat nou te fè mizajou fòmilè a, parèt sou paj devan ak dèyè yo.

Èske fòmilè a ka chanje? Pifò chanjman nan kouvèti medikaman fèt sou 1ye janvyè, men nou ka ajoute oswa retire medikaman nan fòmilè a pandan ane a, deplase yo nan diferan nivo pataj pri, oswa ajoute nouvo restriksyon. Nou dwe suiv règ Medicare yo lè nou fè chanjman sa yo. Mizajou nan fòmilè a afiche chak mwa sou sit entènèt nou an isit la:

Chanjman ki ka afekte ou ane sa a: Nan ka sa yo ki anba a, chanjman kouvèti asirans yo pral afekte w pandan ane a:

- **Ranplasman imedyat sèten nouvo vèsyon medikaman mak ak pwodwi byolojik orijinal yo.** Nou ka retire imedyatman yon medikaman nan fòmilè nou an si n ap ranplase li ak yon sèten nouvo vèsyon medikaman sa a ki pral parèt sou menm nivo oswa pi ba pri pataje epi avèk menm restriksyon oswa mwens. Lè nou ajoute yon nouvo vèsyon yon medikaman nan fòmilè nou an, nou ka deside kenbe medikaman mak la oswa pwodwi byolojik orijinal la sou fòmilè nou an, men imedyatman deplase li nan yon nivo pataj pri diferan oswa ajoute nouvo restriksyon.

Nou ka fè chanjman imedyat sa yo sèlman si nou ajoute yon nouvo vèsyon jenerik yon medikaman mak oswa ajoute sèten nouvo vèsyon byosimilè nan plas yon pwodwi byolojik orijinal, ki te deja sou fòmilè a (pa egzanp, ajoute yon byosimilè ki ka ranplase yon pwodwi byolojik orijinal pa yon famasi san yon nouvo preskripsyon).

Si w ap pran medikaman mak oswa pwodwi byolojik orijinal la kounye a, nou ka pa di w alavans anvan nou fè yon chanjman imedyat, men pita n ap ba w enfòmasyon sou chanjman espesifik nou te fè a.

Si nou fè yon chanjman konsa, oumenm oswa moun k ap preskri w la ka mande nou pou nou fè yon eksepsyon epi pou nou kontinye kouvri medikaman k ap chanje a pou ou. Pou plis enfòmasyon, gade seksyon ki anba a ki gen tit "Kijan pou mwen mande yon eksepsyon nan Fòmilè HealthSun Health Plans?"

Kèk nan kalite medikaman sa yo ka nouvo pou ou. Pou plis enfòmasyon, gade seksyon ki anba a ki rele "Kisa ki pwodwi byolojik orijinal e ki rapò yo genyen ak byosimilè?"

- **Medikaman yo retire sou mache a.** Si fabrikan an retire yon medikaman sou mache a oswa Administrasyon Manje ak Medikaman (FDA) deside retire l pou rezon sekirite oswa efikasite, nou ka retire medikaman an imedyatman nan fòmilè nou an epi pita bay manm ki pran medikaman an avètisman.
- **Lèt chanjman.** Nou ka fè lèt chanjman ki afekte manm k ap pran yon medikaman nan moman an. Pa egzanp, nou ka retire yon medikaman ki gen mak nan fòmilè a epi nou ajoute yon ekivalan jenerik oswa retire yon pwodwi byolojik orijinal epi nou ajoute yon byosimilè. Nou ka aplike tou nouvo restriksyon sou medikaman mak oswa pwodwi byolojik orijinal la oswa deplase li nan yon nivo pataj pri diferan, oswa fè toude. Nou ka fè chanjman ki baze sou nouvo gid klinik. Si nou retire medikaman nan fòmilè nou an, ajoute otorizasyon alavans, limit kantite ak/oswa restriksyon etap terapi sou yon medikaman, oswa deplase yon medikaman nan yon nivo pi wo pataj pri, nou dwe notifye manm ki afekte yo sou chanjman an omwen 30 jou anvan chanjman vin efektif. Altènativman, lè yon manm mande yon renouvèlman medikaman an, yo ka resevwa yon rezèv pou 30 jou medikaman an ak yon avi sou chanjman an.

Si nou fè lèt chanjman sa yo, oumenm oswa moun k ap preskri w la ka mande nou pou fè yon eksepsyon pou ou epi kontinye kouvri medikaman w ap pran an. Avi nou ba ou a pral genyen tou enfòmasyon sou

fason pou mande yon eksepsyon, epi ou ka jwenn enfòmasyon tou nan seksyon ki anba a ki rele “Kijan pou mwen mande yon eksepsyon nan Fòmilè HealthSun Health Plans?”

Chanjman ki pap afekte w si w ap pran medikaman an nan moman sa a. Anjeneral, si w ap pran yon medikaman ki sou fòmilè 2026 nou an ki te kouvri nan kòmansman ane a, nou p ap sispann oswa redwi kouvèti medikaman an pandan ane kouvèti 2027 la eksepte jan sa dekri pi wo a. Sa vle di medikaman sa yo ap rete disponib nan menm pataj pri epi yo pa gen okenn nouvo restriksyon pou manm sa yo k ap pran yo pandan rès ane kouvèti asirans lan. Ou p ap resevwa avi dirèk ane sa a sou chanjman ki pa afekte w. Sepandan, nan dat 1ye janvye ane kap vini an, chanjman sa yo ka pral afekte w, e li enpòtan pou verifye fòmilè a pou nouvo ane avantaj la pou nenpòt chanjman nan medikaman yo.

Kouman pou m itilize fòmilè a?

Gen de fason pou jwenn medikaman ou nan fòmilè a:

Kondisyon Medikal

Fòmilè a kòmanse nan paj **21**. Medikaman ki nan fòmilè sa a gwoupe an kategori selon kalite kondisyon medikal ki itilize yo pou tretman. Pa egzanp, medikaman yo itilize pou trete yon maladi kè nan lis ki anba kategori, "ajan kadyovaskilè." Si ou konnen pou kisa medikaman ou a itilize, chèche non kategori a nan lis ki kòmanse sou **22** la. Apre sa a, gade anba non kategori a pou medikaman ou a.

Lis Alfabetik

Si w pa sèten ki kategori pou w gade, ou ta dwe chèche medikaman w lan nan Endèks ki kòmanse nan paj **121** la. Endèks la bay yon lis alfabetik tout medikaman ki enkli nan dokiman sa a. Toude medikaman mak ak medikaman jenerik yo nan lis Endèks la. Gade nan endèks la epi jwenn medikaman ou a. Akote medikaman w la, w ap wè nimewo paj la kote w ka jwenn enfòmasyon sou kouvèti a. Ale nan paj ki nan Endèks la epi jwenn non medikaman w lan nan premye kolòn lis la.

Kisa ki medikaman jenerik?

HealthSun Health Plans kouvri toude medikaman mak ak medikaman jenerik. Yon medikaman jenerik apwouve pa FDA kòm kwa li gen menm engredyan aktif ak medikaman non mak la. Anjeneral, medikaman jenerik travay menm jan e anjeneral yo koute mwens pase medikaman ki gen mak. Gen ranplasan medikaman jenerik ki disponib pou anpil medikaman mak. Anjeneral, medikaman jenerik yo ka ranplase medikaman mak la nan famasi san yo pa bezwen yon nouvo preskripsyon, selon lwa eta a.

Kisa ki pwodwi byolojik orijinal e ki rapò yo genyen ak byosimilè yo?

Sou fòmilè a, lè nou refere a medikaman, sa ka vle di yon medikaman oswa yon pwodwi byolojik. Pwodwi byolojik yo se medikaman ki pi konplèks pase medikaman tipik yo. Kòm pwodwi byolojik yo pi konplèks pase medikaman tipik yo, olye pou yo gen yon fòm jenerik, yo gen altènativ ki rele byosimilè. Anjeneral, byosimilè travay menm jan ak pwodwi byolojik orijinal la epi yo ka koute mwens. Gen altènativ byosimilè pou kèk pwodwi byolojik orijinal. Gen kèk byosimilè ki ka ranplase lòt byosimilè epi, selon lwa eta a, yo ka ranplase pwodwi byolojik orijinal la nan famasi a san yo pa bezwen yon nouvo preskripsyon, menm jan medikaman jenerik yo ka ranplase medikaman mak yo.

- Pou diskisyon sou kalite medikaman yo, tanpri gade Prèv Kouvèti a, Chapit 5, Seksyon 3.1, “Lis Medikaman an' di ki medikaman Pati D ki kouvri.

Èske gen okenn restriksyon sou kouvèti mwen an?

Gen kèk medikaman ki kouvri ki ka gen lòt kondisyon oswa limit sou kouvèti asirans. Kondisyon ak limit sa yo ka enkli:

- **Otorizasyon Davans:** HealthSun Health Plans mande oumenm oswa moun k ap preskri w la pou jwenn otorizasyon davans pou sèten medikaman. Sa vle di w ap bezwen jwenn apwobasyon HealthSun Health Plans anvan ou ranpli preskripsyon w yo. Si w pa jwenn apwobasyon, HealthSun Health Plans ka pa kouvri medikaman an.
- **Limit Kantite:** Pou sèten medikaman, HealthSun Health Plans limite kantite medikaman HealthSun Health Plans pral kouvri. Pa egzanp, HealthSun Health Plans bay **30 tab** pa preskripsyon pou **TRADJENTA**. Sa a ka anplis de yon rezèv estanda yon mwa oswa twa mwa.
- **Etap Terapi:** Nan kèk ka, HealthSun Health Plans mande pou w eseye an premye sèten medikaman pou trete kondisyon medikal ou anvan nou pral kouvri yon lòt medikaman pou kondisyon sa a. Pa egzanp, si Medikaman A ak Medikaman B tou de trete kondisyon medikal ou HealthSun Health Plans ka pa kouvri Medikaman B sof si ou eseye Medikaman A dabò. Si Medikaman A pa travay pou ou, HealthSun Health Plans pral kouvri Medikaman B.

Ou ka chèche konnen si medikaman ou a gen nenpòt lòt kondisyon oswa limit lè w gade nan fòmilè ki kòmanse nan paj **21** la. Ou ka jwenn plis enfòmasyon tou sou restriksyon ki aplike pou medikaman espesifik ki kouvri yo lè w vizite sit entènèt nou an. Nou afiche dokiman sou Entènèt ki eksplike restriksyon otorizasyon davans ak etap terapi nou yo. Ou ka mande nou tou pou voye yon kopi ba ou. Enfòmasyon kontak nou yo, ansanm ak dènye dat nou te fè mizajou fòmilè a, parèt sou paj devan ak dèyè yo.

Ou ka mande HealthSun Health Plans pou fè yon eksepsyon nan restriksyon oswa limit sa yo oswa pou yon lis lòt medikaman analogik ki ka trete kondisyon sante ou. Gade seksyon, "Kijan pou mwen mande yon eksepsyon nan fòmilè HealthSun Health Plans an?" nan paj **14** pou enfòmasyon sou fason pou mande yon eksepsyon.

E si medikaman mwen an pa nan fòmilè a?

Si medikaman ou a pa enkli nan fòmilè sa a (lis medikaman ki kouvri), ou ta dwe kontakte Sèvis Manm yo dabò epi mande si medikaman ou an kouvri. Pou plis enfòmasyon, tanpri kontakte nou. Enfòmasyon kontak nou yo, ansanm ak dènye dat nou te fè mizajou fòmilè a, parèt sou paj devan ak dèyè yo.

Si w aprann HealthSun Health Plans pa kouvri medikaman w la, ou gen de opsyon:

- Ou ka mande Sèvis Manm yo yon lis medikaman ki analogik ke HealthSun Health Plans kouvri. Lè w resevwa lis la, montre doktè w la epi mande l pou li preskri yon medikaman ki sanble HealthSun Health Plans kouvri.
- Ou ka mande HealthSun Health Plans pou fè yon eksepsyon epi kouvri medikaman w lan. Gade pi ba a pou enfòmasyon sou fason pou mande yon eksepsyon.

Kouman pou mwen mande yon eksepsyon nan Fòmilè HealthSun Health Plans?

Ou ka mande HealthSun Health Plans pou fè yon eksepsyon nan règ kouvèti asirans nou an. Gen plizyè kalite eksepsyon ou ka mande nou fè.

- Ou ka mande nou pou kouvri yon medikaman menm si li pa nan fòmilè nou an. Si yo apwouve, medikaman sa a pral kouvri nan yon nivo pataj pri yo te detèmine davans, epi ou p ap kapab mande nou bay medikaman an nan yon nivo pataj pri ki pi ba.
- Ou ka mande nou pou nou anile yon restriksyon sou kouvèti ki gen ladan otorizasyon davans, terapi pa etap, oswa yon limit kantite sou medikaman ou a. Pa egzanp, pou sèten medikaman, HealthSun Health Plans limite kantite medikaman n ap kouvri a. Si medikaman ou a gen yon limit kantite, ou ka mande nou anile limit la epi kouvri yon pi gwo kantite.
- Ou ka mande nou pou nou kouvri yon medikaman fòmilè nan nivo pataj pri ki pi ba sof si medikaman an nan nivo espesyalite. Si yo apwouve li, sa t ap diminye kantite lajan ou dwe peye pou medikaman w la.

Anjeneral, HealthSun Health Plans pral sèlman apwouve demann ou an pou yon eksepsyon si medikaman altènatif ki enkli nan fòmilè plan an, gen pri pataje ki pi ba a, oswa si aplike restriksyon an pa t ap osi efikas pou ou epi/oswa ta ka lakòz ou gen yon efè negatif.

Oumenm oswa moun k ap preskri w la ta dwe kontakte nou pou mande yon eksepsyon nan nivo oswa fòmilè, ki gen ladan yon eksepsyon nan yon restriksyon sou kouvèti. **Lè w mande yon eksepsyon, moun k ap preskri w la ap bezwen eksplike rezon medikal ki fè w bezwen eksepsyon an.** Anjeneral, nou dwe pran desizyon nou an nan lespas 72 èdtan apre nou resevwa deklarasyon sipò doktè w la. Ou ka mande pou yon desizyon rapid (akselere) si ou kwè, epi nou dakò, ke sante ou ka vin gravman andomaje lè w tann jiska 72 èdtan pou yon desizyon. Si nou dakò, oswa si moun k ap preskri w la mande pou yon desizyon rapid, nou dwe ba w yon desizyon pa pita pase 24 èdtan apre nou resevwa deklarasyon sipò doktè w la.

Kisa mwen ka fè si medikaman mwen an pa sou fòmilè a oswa si gen yon restriksyon?

Antanke yon nouvo manm oswa w ap kontinye nan plan nou an, ou kapab ap pran medikaman ki pa nan fòmilè nou an. Oswa, ou kapab ap pran yon medikaman ki sou fòmilè nou an men ki gen yon restriksyon sou kouvèti, tankou otorizasyon davans. Ou ta dwe pale ak moun k ap preskri w la pou w mande yon desizyon sou kouvèti pou montre w satisfè krite pou apwobasyon an, pou w chanje nan yon medikaman altènatif ke nou kouvri, oswa pou w mande yon eksepsyon nan fòmilè pou nou ka kouvri medikaman w ap pran an. Pandan ke oumenm ak doktè ou ap detèmine bon jan aksyon pou ou, nou ka kouvri medikaman ou nan sèten ka pandan premye 90 jou ou manm nan plan nou an.

Pou chak medikaman ou yo ki pa nan fòmilè nou an oswa ki gen yon restriksyon sou kouvèti, nou pral kouvri yon rezèv tanporè pou 30 jou. Si preskripsyon ou ekri pou mwens jou, nou pral pèmèt renouvèlman medikaman yo pou nou bay jiska yon maksimòm Rezèv pou 30 jou medikaman. Si yo pa apwouve kouvèti, apre premye rezèv pou 30 jou ou a, nou p ap peye pou medikaman sa yo, menm si ou te manm plan an pou mwens pase 90 jou.

Si w abite nan yon etablisman swen alontèm epi w bezwen yon medikaman ki pa nan fòmilè nou an oswa si kapasite w genyen pou w jwenn medikaman w yo limite, men ou deja pase premye 90 jou manm nan plan nou an, n ap kouvri yon pwovizyon ijans pou 34 jou medikaman sa a pandan w ap chèche yon eksepsyon nan fòmilè.

Pwosesis tranzisyon HealthSun Health Plans pral mentni parapò ak sa ki annapre yo: **(1)** tranzisyon nouvo manm nan plan an pandan peryòd eleksyon anyèl la; **(2)** tranzisyon manm Medicare ki fèk elijib ki soti nan lòt kouvèti vini nan plan nou an; **(3)** tranzisyon moun ki chanje soti nan yon Plan ale nan yon lòt apre kòmansman ane kontra a; **(4)** manm ki abite nan yon etablisman swen alontèm (LTC); **(5)** manm aktyèl ki afekte pa chanjman fòmilè negatif yo soti nan yon ane kontra pou rive nan pwochen ane kontra a; **(6)** manm ki mande yon eksepsyon men ki pa jwenn yon desizyon ki pran alè sou demann lan nan fen peryòd tranzisyon an; **(7)** manm ki rete nan menm plan an pou nouvo ane plan an epi ki pran yon medikaman ki te rezilta yon eksepsyon ki te akòde nan ane anvan an; **(8)** manm aktyèl ki gen yon chanjman nan nivo swen; **(9)** manm aktyèl k ap antre nan anviwònman LTC a soti nan lòt

anviwònman swen; epi **(10)** manm aktyèl ki nan yon anviwònman LTC ki mande yon rezèv ijans nan yon medikaman ki pa nan fòmilè.
