Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to “we,” “us,” or “our,” it means HealthSun Health Plans. When it refers to “plan” or “our plan,” it means HealthSun Health Plans.

This document includes the Drug List (formulary) for our plan which is current as of **9/11/2026**. *For* an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2027, and from time to time during the year.

What is the HealthSun Health Plans formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by HealthSun Health Plans in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. HealthSun Health Plans will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a HealthSun Health Plans network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by HealthSun Health Plans, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here:

<https://healthsun.com/plans-coverage/prescription-drug-benefits/>

Y0114_26_3017611_0000_I_C

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the *HealthSun Health Plans*’ formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the *HealthSun Health Plans*’ formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of **9/11/2026**. To get updated information about the drugs covered by HealthSun Health Plans please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page **24**. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “cardiovascular agents.” If you know what your drug is used for, look for the category name in the list that begins on **24**. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page **118**. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

HealthSun Health Plans covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** HealthSun Health Plans requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from HealthSun Health Plans before you fill your prescriptions. If you don't get approval, HealthSun Health Plans may not cover the drug.
- **Quantity Limits:** For certain drugs, HealthSun Health Plans limits the amount of the drug that HealthSun Health Plans will cover. For example, HealthSun Health Plans provides **30 tabs** per prescription for **TRADJENTA**. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, HealthSun Health Plans requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, HealthSun Health Plans may not cover Drug B unless you try Drug A first. If Drug A does not work for you, HealthSun Health Plans will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page **24**. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions.

You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask HealthSun Health Plans to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the HealthSun Health Plans' formulary?" on page **5** for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that HealthSun Health Plans does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by HealthSun Health Plans. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by HealthSun Health Plans.
- You can ask HealthSun Health Plans to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the HealthSun Health Plans' formulary?

You can ask HealthSun Health Plans to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, HealthSun Health Plans limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, HealthSun Health Plans will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. ***When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.*** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first **90** days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary **30-day** supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum **30-day** supply of medication. If coverage is not approved, after your first **30-day** supply, we will not pay for these drugs, even if you have been a member of the plan less than **90** days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first **90** days of membership in our plan, we will cover a **34-day** emergency supply of that drug while you pursue a formulary exception.

HealthSun Health Plans transition process will be maintained with respect to the following: **(1)** the transition of new members into the plan during the annual election period; **(2)** the transition of newly eligible Medicare members from other coverage into our plan; **(3)** the transition of individuals who switch from one Plan to another after the start of the contract year; **(4)** members residing in a Long Term care (LTC) Facility; **(5)** current members affected by negative formulary changes from one contract year to the next contract year; **(6)** members who request an exception but there is a failure to issue a timely decision on the request by the end of the transition period; **(7)** members who remain in the same plan for the new plan year and are on a drug that was the result of an exception that was granted in the previous year; **(8)** current members experiencing a level of care change; **(9)** current members entering the LTC setting from other care settings; and **(10)** current members in a LTC setting requiring an emergency supply of a nonformulary drug.

HealthSun Health Plans formulary

The formulary that begins on the page **24** provides coverage information about the drugs covered by HealthSun Health Plans. If you have trouble finding your drug in the list, turn to the Index that begins on page **118**.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., **ERLEADA**) and generic drugs are listed in lower-case italics (e.g., *simvastatin tab*).

The information in the Requirements/Limits column tells you if HealthSun Health Plans has any special requirements for coverage of your drug.

Certain drugs throughout the formulary will be marked with one or more symbols to indicate their application, such as utilization management restrictions and requirements, mail order availability, drugs limited to a one month supply (even when the drug is on a tier that allows for an extended day supply), excluded Part D drugs covered by the plan, limited access, mail order drugs, tier names, and other coverage information.

The Drug Table starting on page **24** includes a column titled, “Drug Tier”. This column indicates what tier each drug is listed under. The table starting on page **8** provides the copayments/coinsurances associated with the corresponding tiers if you receive the drug at an in-network pharmacy. These copayments/coinsurances apply during the initial coverage phase. Please refer to your *Evidence of Coverage* for what you pay during the catastrophic coverage stage. If you receive “Extra Help”, some information about the costs for Part D prescription drugs may not apply to you. Refer to your *Evidence of Coverage Rider for People Who Get "Extra Help" Paying for Prescription Drugs* (also known as the Low-Income Subsidy Rider or the LIS Rider), which tells you about your drug coverage.

En este documento, los términos Lista de medicamentos y Formulario significan lo mismo. Un Formulario es una Lista de medicamentos cubiertos seleccionados por HealthSun Health Plans con la colaboración de un equipo de proveedores de atención médica, que representa los tratamientos con receta que se consideran una parte necesaria de un programa de tratamiento de calidad. Normalmente, HealthSun Health Plans cubrirá los medicamentos incluidos en el formulario, siempre que el medicamento sea médicamente necesario, el medicamento con receta se obtenga en una farmacia de la red de HealthSun Health Plans y se cumpla con otras normas del plan. Para obtener más información sobre cómo obtener sus medicamentos con receta, consulte la Evidencia de cobertura.

¿El Formulario puede cambiar?

La mayoría de los cambios en la cobertura de los medicamentos ocurre el 1 de enero, pero nosotros podríamos agregar o quitar medicamentos del Formulario durante el año, moverlos a diferentes niveles de costo compartido o agregar nuevas restricciones. Debemos seguir las normas de Medicare al hacer para aplicar estos cambios. Las actualizaciones del Formulario se publican todos los meses en nuestro sitio web:

Cambios que pueden afectarlo este año: En los casos a continuación, usted se verá afectado por los cambios de cobertura durante el año:

- **Sustituciones inmediatas de determinadas versiones nuevas de medicamentos de marca y productos biológicos originales.** Podemos eliminar inmediatamente un medicamento de nuestro Formulario si lo reemplazamos con una cierta versión nueva de ese medicamento que aparecerá en el mismo nivel de costo compartido o en un nivel de costo compartido más bajo y con las mismas restricciones o menos. Cuando agregamos una nueva versión de un medicamento a nuestro Formulario, podemos decidir mantener el medicamento de marca productos biológicos originales en nuestro Formulario, pero inmediatamente moverlo a un nivel de costo compartido diferente o agregar nuevas restricciones.

Podemos aplicar estos cambios inmediatos solo si estamos sumando una nueva versión genérica de un medicamento de marca, o si agregamos ciertas versiones biosimilares de un producto biológico original, que ya estaba en el Formulario (por ejemplo, agregar un biosimilar intercambiable que puede ser sustituido por un producto biológico original por una farmacia sin una receta nueva).

Si actualmente está tomando el medicamento de marca o el producto biológico original, quizás no le informemos con anticipación que realizaremos un cambio inmediato, pero más adelante le proporcionaremos información sobre los cambios específicos que hemos realizado.

Si realizamos un cambio, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y sigamos cubriendo para usted el medicamento que se cambiará. Para obtener más información, consulte la sección a continuación titulada “*¿Cómo puedo solicitar una excepción al Formulario de HealthSun Health Plans?*”

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección a continuación titulada “*¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?*”

- **Medicamentos retirados del mercado.** Si el fabricante retira un medicamento de la venta o la Administración de Alimentos y Medicamentos (Food and Drug Administration, FDA) determina que debe retirarse por razones de seguridad o eficacia, podemos eliminar inmediatamente el medicamento de nuestro Formulario y, luego, notificarles a los miembros que toman el medicamento.
- **Otros cambios.** Podemos hacer otros cambios que afectan a los miembros que actualmente toman un medicamento. Por ejemplo, podemos eliminar un medicamento de marca del Formulario cuando agreguemos un equivalente genérico o eliminar un producto biológico original cuando agregamos un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original, moverlo a un nivel de costo compartido diferente o ambas. Podemos realizar cambios en función de las nuevas pautas clínicas. Si retiramos medicamentos de nuestro Formulario; agregamos autorizaciones previas, restricciones de límite de cantidad o de tratamiento escalonado sobre un medicamento; o pasamos un medicamento a un nivel de costo compartido más alto, debemos notificar a los miembros afectados por el cambio al menos 30 días antes de que entre en vigencia el cambio. Alternativamente, cuando un miembro solicita un resurtido del medicamento, puede recibir un suministro del medicamento para 30 días y un aviso del cambio.

Si realizamos estos otros cambios, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción para usted y continuemos la cobertura del medicamento que ha estado tomando. En el aviso que le proporcionamos también incluirá información sobre cómo solicitar una excepción, y también puede encontrar información en la sección a continuación titulada “¿Cómo solicitar que se haga una excepción al Formulario de HealthSun Health Plans?”

Cambios que no le afectarán si actualmente está tomando el medicamento. En general, si usted toma un medicamento de nuestro Formulario para 2025 que estaba cubierto al comienzo del año, nosotros no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2025, excepto como se describe anteriormente. Esto significa que, por el resto del año de cobertura, estos medicamentos continuarán estando disponibles al mismo costo compartido y sin nuevas restricciones para aquellos miembros que estén tomándolos. No recibirá un aviso directo este sobre cambios que no lo afectan. Sin embargo, dichos cambios los afectarían el 1 de enero del año siguiente, y es importante que verifique el Formulario del nuevo año de beneficios por cualquier cambio en los medicamentos.

El Formulario adjunto entre en vigencias el **9/11/2026**. Para recibir información actualizada sobre los medicamentos cubiertos por HealthSun Health Plans comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de la portada y la portada posterior.

¿Cómo utilizo el Formulario?

Hay dos formas de encontrar su medicamento dentro del formulario:

Afección médica

El Formulario comienza en la página **24**. Los medicamentos de este Formulario están agrupados en categorías según el tipo de afección médica para cuyo tratamiento se los emplea. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca se encuentran en la categoría “medicamentos cardiovasculares”. Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que empieza en la página **24**. Luego, busque su medicamento debajo del nombre de la categoría.

Listado alfabético

Si no está seguro de qué categoría consultar, debe buscar su medicamento en el Índice que comienza en la página **118**. El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. En el Índice, están tanto los medicamentos de marca como los genéricos. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información acerca de la cobertura. Vaya a la página que aparece en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

HealthSun Health Plans cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la Administración de Drogas y Alimentos (Food and Drug Administration, FDA) dado que se considera que tiene el mismo ingrediente activo que el medicamento de marca. Por lo general, los medicamentos genéricos funcionan igual de bien y, suelen costar menos que los de marca. Hay medicamentos genéricos sustitutos disponibles para muchos medicamentos de marca. Normalmente, los medicamentos genéricos pueden sustituir a los medicamentos de marca en la farmacia sin necesidad de obtener una receta nueva, según las leyes del estatales.

¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

En el Formulario, cuando nos referimos a medicamentos, esto podría significar un medicamento o un producto biológico. Los productos biológicos son medicamentos más complejos que los medicamentos habituales. Dado que los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una forma genérica, tienen alternativas que se denominan biosimilares. Por lo general, los biosimilares funcionan tan bien como el producto biológico original y pueden costar menos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, según las leyes estatales, pueden reemplazar al producto biológico original en la farmacia sin necesidad de una nueva receta, al igual que los medicamentos genéricos pueden sustituir a medicamentos de marca.

- Para consultar los tipos de medicamentos, consulte la Evidencia de cobertura, Capítulo 5, Sección 3.1, “*La Lista de medicamentos, indica qué medicamentos de la Parte D están cubiertos*”.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales de cobertura. Estos requisitos y límites pueden incluir lo siguiente:

- **Autorización previa:** HealthSun Health Plans exige que usted o el profesional que receta obtengan una autorización previa para determinados medicamentos. Esto significa que necesitará contar con la aprobación de HealthSun Health Plans antes de obtener sus medicamentos con receta. Si no consigue la autorización, es posible que HealthSun Health Plans no cubra el medicamento.
- **Límites de cantidad:** Para ciertos medicamentos, HealthSun Health Plans limita la cantidad del medicamento que cubrirá. Por ejemplo, HealthSun Health Plans proporciona **30 comprimidos** por receta de **TRADJENTA**. Esto puede ser complementario a un suministro estándar para un mes o tres meses.
- **Terapia escalonada:** En algunos casos, HealthSun Health Plans requiere que usted primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa enfermedad. Por ejemplo, si tanto el medicamento A como el medicamento B tratan su afección médica, es posible que HealthSun Health Plans no cubra el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, entonces HealthSun Health Plans cubrirá el medicamento B.

Para averiguar si su medicamento tiene requisitos o límites adicionales, consulte el Formulario que empieza en la página **24**. También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos en nuestro sitio web. Hemos publicado en línea documentos para explicar nuestras restricciones de autorización previa y de tratamiento escalonado.

También puede solicitarnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparecen en las páginas de la portada y la portada posterior.

Puede pedirle a HealthSun Health Plans que haga una excepción a estas restricciones o límites, o puede solicitarle una lista de otros medicamentos similares que podrían tratar su afección médica. Consulte la sección “*¿Cómo puedo solicitar que se haga una excepción al Formulario de HealthSun Health Plans?*” en la página **15** para obtener información acerca de cómo solicitar una excepción.

¿Qué pasa si mi medicamento no está en el Formulario?

Si el medicamento que toma no está incluido en este Formulario (lista de medicamentos cubiertos), primero debe comunicarse con Servicios para los miembros y preguntar si su medicamento está cubierto. Para obtener más

información, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y la portada posterior.

Si resulta que HealthSun Health Plans no cubre el medicamento que toma, tiene dos alternativas:

- Puede pedir a Servicios para los miembros una lista de medicamentos similares que estén cubiertos por HealthSun Health Plans. Cuando reciba la lista, muéstrese a su médico y pídale que le recete un medicamento similar que esté cubierto por HealthSun Health Plans.
- Puede solicitar que HealthSun Health Plans que haga una excepción y cubra su medicamento. Consulte a continuación para obtener información sobre cómo solicitar una excepción.

¿Cómo puedo solicitar que se haga una excepción al Formulario de HealthSun Health Plans?

Puede solicitar a HealthSun Health Plans que haga una excepción a nuestras normas de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede solicitarnos que cubramos un medicamento, incluso si no está en nuestro Formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado, y usted no podrá pedirnos que le brindemos el medicamento a un nivel de costo compartido menor.
- Puede pedirnos que no apliquemos una restricción de cobertura, incluidos la autorización previa, el tratamiento escalonado o un límite de cantidad de su medicamento. Por ejemplo, para ciertos medicamentos, HealthSun Health Plans limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que hagamos una excepción al límite y cubramos una cantidad mayor.
- Puede pedirnos que cubramos un medicamento del Formulario a un nivel de costo compartido menor, a menos que el medicamento esté en nuestro nivel de especialidad. Si se aprueba, esto reduciría el monto que usted debe pagar por su medicamento.

Por lo general, HealthSun Health Plans solo aprobará su solicitud de una excepción si los medicamentos alternativos incluidos en el Formulario del plan, o la aplicación de la restricción no fueran tan efectivos para usted o pudieran causarle efectos adversos.

Usted o la persona autorizada a dar recetas deben comunicarse con nosotros para solicitar una excepción al Formulario, incluida una excepción a una restricción de cobertura. **Cuando solicita una excepción, la persona autorizada a dar recetas tendrá que explicar las razones médicas por las que necesita la excepción.** Por lo general, debemos tomar una decisión dentro de las 72 horas a partir de la fecha de haber recibido la declaración que respalda su solicitud por parte de la persona autorizada para dar recetas. Puede pedir una decisión acelerada (rápida) si usted considera, y nosotros estamos de acuerdo, que esperar 72 horas para la toma de la decisión podría perjudicar gravemente su salud. Si aceptamos, o si la persona autorizada a dar recetas pide una decisión rápida, debemos comunicarle nuestra decisión, a más tardar, en un período de 24 horas después de recibir la declaración que respalda su solicitud por parte de la persona autorizada a dar recetas.

¿Qué puedo hacer si mi medicamento no está en el Formulario o si tiene una restricción?

Como miembro nuevo o existente de nuestro plan, es posible que esté tomando medicamentos que no están incluidos en nuestro formulario. También es posible que esté tomando un medicamento que está en nuestro Formulario, pero que tiene una restricción de cobertura, como la autorización previa. Debe hablar con la persona autorizada a dar recetas para solicitar una decisión de cobertura para demostrar que cumple con los criterios de aprobación, cambiar a un medicamento alternativo que cubramos o solicitar una excepción al Formulario para que cubramos el medicamento que toma. Mientras usted y su médico determinan el procedimiento adecuado para seguir

su caso, podemos cubrir su medicamento, en ciertos casos, durante los primeros **90 días** en que usted sea miembro de nuestro plan.

Para cada uno de los medicamentos que no están en nuestro Formulario o que tienen una restricción de cobertura, cubriremos un suministro temporal de **30 días**. Si su receta está indicada para menos días, permitiremos que realice resurtidos del medicamento por un máximo de hasta **30 días**. Si no se aprueba la cobertura, después del primer suministro para **30 días**, no seguiremos pagando estos medicamentos, incluso si ha sido miembro del plan durante menos de **90 días**.

Si es residente de un centro de cuidados atención a largo plazo y necesita un medicamento que no está en el Formulario, o si su capacidad para conseguir los medicamentos es limitada, pero ya pasaron los primeros **90 días** de membresía en nuestro plan, cubriremos un suministro de emergencia del medicamento para **34 días** mientras solicita la excepción al formulario.

El proceso de transición a HealthSun Health Plans se mantendrá con respecto a lo siguiente: **(1)** la transición de nuevos miembros al plan durante el período de elección anual; **(2)** la transición de miembros de Medicare recientemente elegibles de otra cobertura a nuestro plan; **(3)** la transición de personas que cambian de plan después del inicio del año del contrato; **(4)** miembros que residen en un centro de cuidado a largo plazo (LTC); **(5)** miembros actuales afectados por cambios en el Formulario que los perjudican de un año de contrato al siguiente año de contrato; **(6)** miembros que solicitan una excepción pero no se emite una decisión oportuna sobre la solicitud antes del final del período de transición; **(7)** miembros que permanecen en el mismo plan para el nuevo año del plan y están tomando un medicamento como resultado de una excepción que se otorgó el año anterior; **(8)** miembros actuales que deben cambiar el nivel de cuidado; **(9)** miembros actuales que ingresan a un entorno de LTC desde otros entornos de cuidado; y **(10)** miembros actuales en un entorno de LTC que requieren un suministro de emergencia de un medicamento que no está en el Formulario.

Formulario de HealthSun Health Plans

El formulario que comienza en la página **24** proporciona información de la cobertura de los medicamentos que cubre HealthSun Health Plans. Si tiene dificultad para encontrar el medicamento que toma en la lista, consulte el Índice que comienza en la página **118**.

La primera columna del cuadro menciona el nombre del medicamento. Los medicamentos de marca están en letra mayúscula (por ejemplo, **ERLEADA**) y los medicamentos genéricos están en letra cursiva minúscula (por ejemplo, *simvastatin tab*).

La información en la columna Requisitos/límites indica si HealthSun Health Plans tiene algún requisito especial para la cobertura del medicamento.

Algunos medicamentos en el Formulario estarán marcados con uno o más símbolos para indicar qué condiciones se aplican, como restricciones y requisitos de administración de la utilización, si están disponibles a través del HealthSun 2026 - Formulary Last Updated 9/11/2026 - ID 26045 V.18 - Effective 10/01/2026

La tabla de medicamentos que comienza en la página **24** incluye una columna llamada “**Nivel de medicamentos**”. Esta columna indica en qué nivel se encuentra cada medicamento. La tabla que comienza en la página **18** brinda información sobre los copagos/coseguros asociados con los niveles correspondientes si recibe el medicamento en una farmacia de la red. Estos copagos/coseguros se aplican durante la fase de cobertura inicial.

Consulte su *Evidencia de Cobertura* para saber lo que paga durante la etapa la etapa de cobertura catastrófica. Si recibe Ayuda Extra (“Extra Help”), es posible que cierta información sobre los costos de los medicamentos recetados de la Parte D no se aplique a su caso. Consulte su *Cláusula de Evidencia de Cobertura para personas que obtienen ayuda extra para pagar por medicamentos recetados* (también conocida como Cláusula adicional del subsidio por bajos ingresos o “LIS Rider”), donde se explica la cobertura de medicamentos.
